
ENERGY STAR® New Home Rebate Program

GVEC is offering the **New Home Rebate Program** for energy efficient building practices. Be sure to consult your contractor or GVEC's Member Services Advisor for full details of the program. Homes have to be built by an Energy Star® Certified builder. All measures have to be completed to be eligible for rebate. A third-party verification is required for Energy Efficient Measures. Guidelines are based off of the Energy Star Qualified New Homes information at <http://www.energystar.gov>.

Criteria Includes but not limited to:

- **Effective insulation**
- **High-Performance Windows**
- **Tight Construction and Ducts**
- **Efficient Heating and Cooling Equipment**
- **Efficient Products-Appliances, Lighting, Water Heaters**

QUALIFICATIONS:

- Rebate is \$1,500.00/home
- **HOME MUST BE ALL ELECTRIC**
- **ENERGY EFFICIENT HEATING COOLING HEAT PUMP SYSTEM IS REQUIRED**
- Renewable rebates, heat pump rebates, appliance rebates, and water heater rebates can be used in conjunction with Energy Star® New Home rebates. Please fill out additional applications.

ELIGIBILITY

- Funding for the program is limited.
- GVEC reserves the right to make changes to the program without notice.
- Please check out our website at www.gvec.org for a complete list of rebates.
- **APPLICABLE ONLY TO NEW RESIDENTIAL GVEC MEMBERS WITH IN SERVICE AREA.**
- Applications must be received 30 days after completion of project. Project must be completed after January 1, 2010 to be eligible for Rebate.
- Submission of applications does not guarantee a rebate.
- Please allow 6 weeks after receipt of all documents to receive rebate.
- GVEC **reserves the right to verify all projects in order to meet minimum program guidelines.** The member may lose the rebate if GVEC cannot verify the information provided on the application form.
